

SHARED VALUES

Question 1 asked respondents to rank order a list of values according to the ones they would most like to see the school actively promote. The figures presented above are the result of combining a top three ranking for each value i.e. *40 respondents put Respect in their top three*. Sorting the data this way enabled us to quickly identify our top three shared values. Inclusion, Social Justice and Partnership emerged as a significant secondary group and therefore were brought together in the closing statement in the revised school vision.

Top 3 values

1. Respect
2. Honesty
3. Kindness
