Year 3: Umar, Amelia (Pegasus)

Year 4: -

Year 5: -

Year 6:

Minutes from the meeting			
Agenda items from previous meeting	Further action agreed (11/12/20)	Update and discussion (15/1/21)	Agreed actions and next steps
Happy, healthy and safe at break and lunchtimes	<p>Nothing carried over because of the disruption of the end of term and then Lockdown #2.</p> <p>Planned agenda for cohort 2: community legacy for We are scientists.</p>	<p>Feedback on online learning: The children are happy with the provision on the whole. They like seeing their teachers and friends. They 'love' the 'Zoom Playtime'. Some children said there is too much work!</p> <p>The parents who were on Zoom said how impressed they were with the provision too!</p> <p>We discussed online safety and the importance of being organised and in lessons on time.</p> <p>We also discussed staying healthy and having screen breaks little and often – Mark Swan came in as an exciting guest to give some examples! Keeping our body healthy and resting our eyes.</p> <p>Some comments on things we can improve:</p> <p>SeeSaw can be difficult to use/write on. In this respect it is better on iPads, and even better with the pens (so staff report).</p>	<p>Staying healthy at home: I think the point of staying healthy away from the screen can be picked up further next week. Can you discuss this in class meetings before next Friday's meeting.</p>

		<p>If SeeSaw crashes, they get kicked out of Zoom and can't get back in.</p> <p>They would like more Thrive, crafting and 'Go noodle'.</p> <p>Children in school complained of internet access.</p> <p>All pupil council said they think Rob and Rianne's offer for parent training on SeeSaw is a great idea. Give me some dates and I will set it up!</p> <p>Lily wants an 'unhealthy Thursday' with different puddings and has written me a letter about this.</p>
