September 2021

Dear All,

On Wednesday September 29th 2021, we will be going on a local walk to observe the biodiversity in our local area. We will be walking along Wensum river using identification sheets and taking pictures to discuss back at school.

Also on Friday October 1st 2021 Year 3/4 will be visiting the GAIA art installation at St Peter Mancroft. For both trips, two classes will be going in the morning and two will going in the afternoon.

These trips will be perfect as part of our Romance events for both our Working as Scientists and Working as Global Citizens projects. All the themes covered in our WaGC (WaS) projects – biodiversity, eco systems and green spaces - all come back to this; the planet and the interconnectedness of all elements within the biosphere; a self-correcting system to preserve and sustain all life.

The visit is free and we will walk to and from the city. Children will need a packed lunch, and those eligible for free dinner will be provided with one. Children should wear appropriate clothing for the weather and a walk into the city.

Year 3/4 Team

Tash, Verity, Chris and Sam
