Summer second half

Dear families and friends,

Thank you for letting us work with your wonderful children for another year. We have had such an incredible year together: working as scientists ended with our third science fair. We merged working as historians and artists for Y6 to produce some incredible work for “Anglia Square, a love story” and for Y3, 4 and 5 to produce some bespoke work and performances for “Come Yew In again”. This year also saw our first ever research conference at the end of the spring term.

The Lord Mayors procession last week was even bigger and better than last year with half the school joining us for the event. Thank you to all of you who came and joined in or supported us—we were thrilled to have been awarded second place.

We have a few important performances and events in the final two weeks of term—please see the dates below and join us for what you can!

I will be incredibly sad to say goodbye to our amazing Y6's. They have made us all laugh, cry, swell with pride and they have followed our values impeccably. I know they will go off to their next phase of education and make successes of everything they do.

There will be a few changes at our school next year. Our uniform has been adapted slightly to suit our curriculum, please see overleaf. Our wonderful Rob Whalen and Hannah Howard will be moving to Nelson infant school next year and we are pleased to be joined by Sam Naylor from Nelson to work here at Wensum. Anna Catlin was successful in the appointment of Assistant Head Teacher—Teaching and Learning and Jo Wells will be working as Assistant Head Teacher—Inclusion. We will be a cashless school from September. You will be able to pay for trips and dinners via our School Money system, or via Paypoint. We are also working towards becoming paperless,

The children and staff have voted for name changes also next year. Rather than calling staff by their full name, we will address each other by first name only.

I wish you all a sunny, restful and safe summer holiday. See you in September.

*Thank you,
Victoria McConnell.*
