Dear families,

22/2/22

As you are aware, Year 5 and 6 are visiting the National Space Centre on Tuesday 1st March as part of the launch for their upcoming We are geographers project. I am writing with final details for you so you know what is happening on the day.

- Please arrive at school between 6.45 and 7.00am. We depart promptly at 7.30am and won't be able to wait for latecomers.
- We will stop for a comfort break at Peterborough Services on the way there and back.
- We will be leaving Leicester at 3.00pm and should be back at school at 6.00pm. If we are delayed in any way, we will send you a text to update you.
- Please send your child with a healthy, balanced packed lunch and a snack. It will be a long day. If they are eligible for a free school dinner, then we will provide that for them. Please bring water but no sweets or fizzy drinks.
- They will not need any money or a mobile phone. Please don't send them with either.
- Normal school attire suitable for the weather / time of year.

Plans for the day

The National Space Centre have put together a great plan for our school. Alongside general admission to the centre itself, they will enjoy a special science show called *It is rocket science!* and a short film in the centre's huge planetarium. For your information, the centre will be open to the general public and there will be other school groups there at the same time. Exemplary behaviour will, as always, be expected. If you have any questions, then please speak to your child's teacher.

Yours sincerely,

Peter Hubery
Deputy Headteacher
